

# SERVICE BULLETIN

<b>DATE:</b>	JAN 1, 1993	<b>SERVICE BULLETIN #</b>	1517	<b># OF PAGES:</b>	1
<b>SUBJECT:</b>	TALON PRODUCT IMPROVEMENT MODS				
<b>STATUS:</b>	OPTIONAL				

**IDENTIFICATION:** Talon container assembly P/N 4111-(). All sizes including Talon Classic.

**BACKGROUND:** Over the production life of the Talon and Talon Classic, certain product improvements have resulted in more advanced design concepts as well as certain safety features. These include the following:

1. Re-design of the main riser covers to eliminate the use of velcro in favor of pressure tongue technology.
2. Adoption of the Reserve Static Line concept.
3. Adaptation of the Cypres AAD system.
4. Re-design of the reserve freebag to the MK-3 design, incorporating bridle assist pockets.
5. Upgrading of the reserve pilotchute to the 44 Magnum design.

**SERVICE BULLETIN:** Any or all of the above upgrades may be available to the original Talon and Talon Classic designs. These may be accomplished either at the factory or an Authorized RI Service Center.

**COMPLIANCE DATE:** NONE

**AUTHORITY:**
