

ICARUS **Crossfire 2**

UNPARALLELED EXCITING PERFORMANCE

The #1 elliptical I-beam construction canopy on the market. This ZP 9-cell is impressively balanced and truly elliptical. The Crossfire 2 offers superb openings, powerful bottom end flare power and will out glide all canopies in its class. The Crossfire 2 is specially designed for advanced and experienced pilots with a recommended minimum number of five hundred ram-air jumps.

Canopy-Model	Size	MSW	Weight
