### MANDATORY DECLARATION

Basik Air Concept does not allow at all, the installation and the use of the Argus AAD system into its harness /containers systems type: Advance OUT, Advance IN and Advance Tandem.

This decision has been taken after several incidents with this AAD brand, and mainly after the tests performed by the Dutch Rigger Association, VVV. The complete report made by the VVV is clear enough.

We would not support the responsibility to be involved for an Advance reserve container malfunction equipped with this AAD if it is not working properly as it should be.

From now the only AAD brands allowed to be used into our H/C Advance systems are:  
Cypres, FXC, and Vigil types.

Sincerely yours,

Jérôme Bunker  
Basik Air Concept owner
